

LOCAL NEWS.

WEATHER PROBABILITIES.—War Department, Office of the Chief Signal Officer, Washington, D. C., Jan. 3, 1877.—10:30 a. m.—In the Middle States rising barometer, south-westerly winds, colder and clear or partly cloudy weather.

THE SNOW.—The W. & O. train which went out on Monday evening was brought back late last evening, having only reached a point between Falls Church and Vienna, where it remained snowed up all of Monday night and most of the day yesterday. The morning train on this road started out at 10:30 a. m. and about one hour behind time. The train for the Middle Branch, which was not out as usual this morning, all of the passenger trains on this road are now running as usual. The delayed train on the Alexandria and Fredericksburg railway has arrived up, and another one is due late last night. The local trains on the A. & W. R. R. experienced much difficulty yesterday evening, on account of the snow drifts, and the six o'clock train was entirely omitted. The seven o'clock train from Washington was delayed some time at St. Asaph Junction, by the departure of the engine to pull another train out of the snow. Many of the passengers got out of the cars and walked to this city. Several of them, however, met with very serious and even dangerous accidents, falling into snow banks and ditches up to their necks, and being extricated with much difficulty. They all finally arrived in town much wearied and some time behind those who had stuck to the train. Among the sufferers by the heavy snows are the multitudes of pig-owners and hawks who are prevented from getting their regular food. Christ Church yard was alive with sparrows, yesterday afternoon, which were twittering and hopping about in their vain search after food. The charitable should make a noise and sprinkle a few crumbs under their windows.

The passenger train on the W. & O. Road, which left here this morning had only gotten a short distance beyond Herndon at four o'clock this afternoon. No evening train was out.

Carver; 2nd Vice President, Thomas Tennesson; John Linton, Treasurer; Assistant Secretary, J. M. Waterman; Treasurer, Samuel Tennesson; Foreman, H. J. Nevert.

The resignation of Harold P. Berkeley was unanimously laid on the table.

On motion, it was determined to celebrate the semi-centennial of the Company by a grand ball on the 8th of February, and Messrs. M. J. Waterman, Joe Linton, Samuel Tennesson, J. S. H. Young, and Thomas Linton were appointed a committee to make all arrangements.

The annual review of the active roll of the Company was postponed until the next regular meeting, and the meeting adjourned.

THE LATE W. G. HOWARD.—The Baltimore American of the today furnishes the following particulars of the sudden death of Mr. Wm. G. Howard, which was mentioned in yesterday's Gazette. It says:

"Mr. W. G. Howard, son of the late Benj. C. Howard, died very suddenly yesterday morning at his room in the Albion Hotel. He had been out the previous day and evening making New Year calls on friends up town, and when he retired at 11:30 p. m. was in the best of spirits. At about half-past one o'clock yesterday morning his wife found him gasping very heavily, and in great alarm called for assistance. He never opened his eyes nor spoke, and died in a very short while. Apoplexy is supposed to have been the cause. Mr. Howard was well known, and had traveled extensively, having at one time a large plantation in India, where he married an English lady. He was about forty years of age."

Mr. Howard's remains will be interred from his mother's residence, in Baltimore, to-morrow afternoon at 1 o'clock.

M. P. SUNDAY SCHOOL.—The Christmas celebration of the Methodist Protestant Sunday school, was held last evening in the rooms of the Young Men's Christian Association, and proved a most happy occasion to all participants. A table was spread, and refreshments served to all present. To add to the pleasure of the hour, several presentations were made to persons connected with the school—among them, a handsome volume of Milton, Gray, &c., by the school, to Mr. James L. Pettit, superintendent; silver medals for regular attendance, by the teacher of class No. 1, to Miss Annie Hooge and Emma Green; silver medals for regular attendance to Miss Flora Greck, by her teacher, Miss Emma Greenaway; a handsome present to the teacher of class No. 1, by his scholars. The presentations were made by Rev. Dr. Nichols, and Misses Greenaway and Cushing, with appropriate and very graceful addresses, and were responded to with much feeling on the part of the recipients.

HAND WASHED.—The tender of a yard engine on the W. & O. R. R. got off the track near the canal locks this evening, and while the hands were endeavoring to get it back again a bar slipped and one of the tracks came down on the left hand of a brakeman named John Watkins, crushing it a terrible manner. The injured man was taken into the depot and attended by Dr. R. C. Powell, after which he was removed to his home on Alfred street, near Queen. The same hand and arm have been injured twice before.

The union prayer meeting will be held to-night, at 7 o'clock, at the Baptist Church.

INJURED BY THE STORM.—The train hands on the Midland road, who arrived here last night, report that during the snow storm on Monday night the engine of the through freight train on the Chesapeake and Ohio Railroad, which is run by Mr. Charles W. D. Maine, for nearly of this city, was snowed up near Gordonsville, and that when it was dug out by Mr. Demaine and his fireman were found to be badly frozen. They were both brought to Gordonsville, where it is reported that the fireman subsequently died. The report further says that Mr. Demaine's legs and feet were so badly frozen that they burst open. It is not thought, however, that the injuries are so serious, as Mr. Demaine's father, Mr. Wm. Demaine, who lives here, has not been notified. The injured man now resides in Richmond, where he has a wife and several children.

FIRE ORDERS.—During the prevalence of the deep snow, in case of an alarm of fire, Chief Engineer Leadbeater has ordered that the horses of the two steamers be required to assist each other, first conveying one engine to the fire and then returning for the other. It is also expected that the members of the different companies will help each other with the hose carriages.

THE E. C. KNIGHT.—The steamship, E. C. Knight, of the New York line, after vainly waiting at Piney Point, for a week or more, for an opportunity to come up to this city, sailed for Baltimore, where she arrived on Saturday. Her freight will be shipped aboard by rail, and the steamship will have a new boiler put in, before resuming her place on the line.

COLD.—The weather of last night and this morning was colder than any experienced here for many years. At Cameron Mills this morning the thermometer stood at eight degrees below zero, and at Leadbeater's drug store, in town, at four degrees below zero. During the day the temperature has not moderated much and is still intensely cold.

OVERDUE.—Considerable anxiety is felt here as to the whereabouts of the senator Richard Rhodes, which sailed from this port for New York, with a cargo of hoops, on the 10th of December. She sailed from Hampton Roads on the 19th of the same month, and has not since been heard from.

At night the subject selected was Jude, verse 23. "Pulling them out of the fire." These services will be continued throughout this week. Mr. Webb will preach this evening.
